1516/Med.38-20

Posting of an additional Sub Assistant Surgeon to Kalasa Dispensary for itineration work.

When the Dewan visited Kalasa in his tour in the Malnad in February 1921 some European Planters asked for the posting of an additional Sub Assistant Surgeon to Kalasa for itineration work and it is reported by the Deputy Commissioner that the Dewan was inclined to consider the proposal favourably. A report was thereupon called for from the Senior Surgeon, who has stated that the question is under correspondence between himself and the planting community and that definite proposals in the matter would be submitted to Government after coming to some final understanding with the planters.

15 In G.O. No. 995-8/Med 33-15-28 dt 1.8.16. Govt: sanctioned a grant-in-aid equal to the amount of contribution made by the Planters but not exceeding Rs 80 p.m. to the Kalasa medical Fund from 1.7.1916 temporarily for a year or until a Govt: dispensary was opened at Balur or other convenient place in the vicinity whichever is earlier to enable the Planters to maintain a dispensary at Kalasa for affording medical relief to the coolies of all the estates round about Kalasa. There is no information to show whether this grant was continued for subsequent years and whether any dispensary has since been opened at Balur or any other place near Kalasa. The budget for last year contains a provision for a grant of Rs 960 to the Kalasa medical Fund, but there is no such provision in the Provisional Budget for the current year: why has it been omitted.

The papers now under disposal appear to relate to the posting of an additional Sub Asst Surgeon ~~or Dr~~. Asst Surgeon to the Local Fund dispensary at Kalasa and the Planters seem to ask for it with a view to relieve themselves of the burden of contributing towards the maintenance of.

Sir,

With reference to your letter No.C.321-L.B.(20-21) of the 7th instant, regarding the duplication of Medical Staff at Kalasa, I have the honour to state as follows:-

2. A grant-in-aid equal to the contribution to be paid by the Planters but not exceeding Rs.80/- per mensem was sanctioned to the Kalasa Medical Fund by G.O.No. 995-8-Med.33-15-28, dated 1-8-1916, to make "Medical -- relief available to the coolies of all the estates round about Kalasa". It will be seen that under this arrangement, the Government were responsible only to make a contribution not exceeding Rs.80/- per mensem while the subscribers to the Kalasa Medical Fund were responsible to make up the balance of expenditure, including pay of Sub Assistant Surgeon and cost of medicines and other necessaries.

3. Your present proposal virtually amounts to relieving the Planters completely of their share of the cost and throwing the whole burden on the Government although the parties that will benefit by the itineration will still be, chiefly the coolies of the surrounding estates. The arrangement is not therefore likely to b acceptable to Government, unless the local board is pre

pared

prepared to bear half the additional cost involved as estimated in the margin. An early reply is requested.

The Sub Assistant Surgeon will, in my opinion, serve the purpose as well as an Assistant Surgeon

Copy of Mr.W.H.Reed's letter No.nil dated 23-6-23 to the Senior Surgeon, Bangalore.

I beg to acknowledge receipt of your No.C. 2 1 8 9 of 20-21 dated 8th June 1923. The sum required (i.e., about Rs.110/- per mensem) from the Planters is too heavy. An Assistant Surgeon if posted to Kalasa would be primarily for the benefit of the surrounding villagers and residents of Kalasa, hence the subscription asked for from the Planters is out of all proportion.

What is felt to be necessary in this back-of-beyond part of the Malnad is more efficient medical aid. The Sub Assistant Surgeon may no doubt do his best, but he is not capable of performing any serious operations. Besides this he is often called away on Police cases, and then we are left without any medical aid at all

Kalasa is nearly 60 miles from Chickamagalur and I do not think Government ought to deny us the benefit of better medical aid in these wild and

wild and inaccessible parts of the Malanad
